# INTRODUCTION

Always embarked on the #LikeAGirl campaign after uncovering the startling fact that **MORE THAN HALF OF GIRLS EXPERIENCE A DROP IN CONFIDENCE DURING PUBERTY**, and many never fully recover. As the brand with a heritage of over 30 years of championing girls' confidence globally, we want to stop the drop in confidence girls experience at puberty and empower girls to feel that they can do anything and everything **#LIKEAGIRL**.

**PUBERTY MARKS A CRITICAL STAGE** in girls' lives that is often filled with confusion and self-doubt, and we're committed to doing whatever we can to keep girls confident as they grow. In our conversations with experts and girls themselves, we learned about the critical role of playing sports in building girls' confidence. Many studies have found that ongoing participation in sports is a high contributor to confidence in girls, regardless of what level they play, and provides valuable skills to help them stay confident to do any and everything later in life. In fact, a recent US consumer data study from 2015 found that **GIRLS AGED 18-24 WHO PLAYED SPORTS REGULARLY WERE TWICE AS LIKELY TO IDENTIFY AS CONFIDENT AS GIRLS WHO DID NOT PLAY SPORTS**.

But in **OUR LATEST ALWAYS CONFIDENCE SURVEY** we found that **HALF OF GIRLS QUIT SPORTS AROUND PUBERTY!** Their reasons for quitting – whether it be not feeling like they belong in sports, not having female athlete role models or simply not having access to the opportunity to play – all speak to the wider societal limitations that girls still face every day.

As someone who works with girls in sports, we are certain you've heard comments like “that's not a sport for girls” or “girls shouldn't have big muscles” countless

times. We know you've seen girls' sporting events played to half empty audiences. Most people probably never think about the impact this has on girls and their desire to play sports throughout puberty, but we know, and we're certain you know, it's significant.

But together, **WE BELIEVE WE CAN SPARK A CHANGE** and inspire a world in which every girl truly feels that she can and will keep playing sports. This kit is designed to provide you with simple assets and content that will help you to engage the girls, parents and others in your sphere of influence to see more girls keep playing **#LIKEAGIRL**.

# FOREWORD FROM DR. JEN WELTER

**WHEN I STARTED PLAYING FOOTBALL AS A YOUNG GIRL,** I had no idea how far the game would take me. But what I knew was that I loved it and that I wanted to be a part of it. Yes, there were days that were hard and made me want to quit, but I'm grateful that I didn't. Whether it has been as a player, an NFL coach, or even getting my doctorate in Sports Psychology, all of the strength and fortitude I needed to succeed came through playing sports. **I CAN PERSONALLY ATTEST TO THE FACT THAT PLAYING SPORTS HELPS MAKE GIRLS BUILD AND MAINTAIN CONFIDENCE.**

That is why I am so proud to be partnering with the Always **#LIKEAGIRL** campaign to help raise awareness of the important role sports plays in building confidence in girls and to help educate society on how we can all play a part in helping girls to keep playing!

**WHY AM I SO PASSIONATE ABOUT HELPING GIRLS KEEP PLAYING SPORTS?** Because I know that sports make them feel better about themselves! Playing sports she can learn how it feels to win and lose, what it takes to be knocked down but get back up, and that it is possible to compete but also build meaningful friendships at the same time. These are not just skills for being an athlete, but for shaping her identity and building her into a confident, unstoppable woman.

Helping society understand **THE VALUE THEY NEED TO PLACE ON GIRLS IN SPORTS**, equipping parents to help their daughters keep playing and raising the

profile of the amazing female athletes already playing right around the world today, are all things we can do to help give girls the encouragement they need to stay in the game.

**TOGETHER, WE CAN AND WILL HELP GIRLS KEEP PLAYING #LIKEAGIRL!**

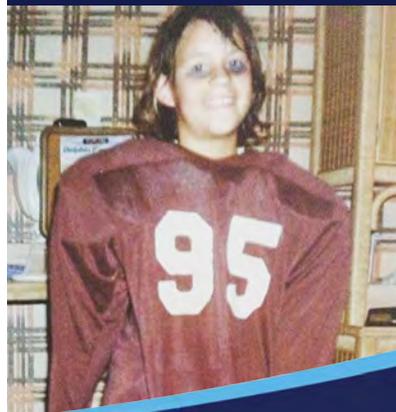

Yours in sport,

**Dr. Jen Welter**

**Every training session, every match, every victory, every defeat – they've shaped me and molded me into who I am today. I wouldn't be who I am without sports.**

I want this to be a statement true not just for me, but for girls everywhere.
